

 I don't chase, I attract. What is meant for me will simply find me.	 Good things know where to find me.	 What's mine can't miss me.	 I plant the seed and let it grow on its own time.
 Something good is on its way to me.	 Luck likes me, and I like it back.	 I'm a magnet for happy surprises.	 Money comes to me in expected and unexpected ways.
 I'm ready to receive.	 I trust the timing of my life.	 Every seed I plant counts.	 I welcome abundance in every form it takes.
 I make room for good things.	 My small steps are adding up.	 I'm right where I need to be.	 Doors open for me.
 I say yes to good things.	 The universe has my back.	 I'm open to blessings I haven't pictured yet.	 Everything is working out for me.
 Opportunities find me with ease.	 I'm allowed to receive easily.	 Grateful for what's here, open to what's coming.	 I grow a little every week.
 I'm lucky, and I act like it.	 My energy attracts my blessings.	 I trust myself to figure it out.	 I release what isn't mine to carry.
 The right people and chances find me.	 Big things grow from small seeds.	 I did my part. The rest is on its way.	 Abundance feels at home with me.
 I'm open to good news.	 I notice the small wins this week.	 There's enough for me, too.	 I let good things be easy.
 My timing is right on time.	 I'm worthy of what I'm asking for.	 I keep planting, and I keep receiving.	 Unexpected money finds me.
 I trust the seeds I've already planted.	 Good luck follows me around.	 I'm proud of how far I've come.	 I don't have to force it.
 My wins are on their way.	 Joy finds me on ordinary days.	 Every day is another chance to plant.	 Good things stick to me.
 I celebrate the little seeds that sprout.	 I let go and let it grow.	 I'm surrounded by abundance.	 This week, something good finds me.
